Doo doo doot meme song

Hello all #1 10-02-2009, 02:22 am, I need an easy to help try to find out the names and artist of the hear-style pop song. The singer is a woman and ends with the song Da'avt du Davout. Da'avout du Da'avout play throughout the song in between the verses of the course. The song is like the vibe of the course of 60 and I heard it in a restaurant that is serviced by Mozac. There is also this guitar solo that looks like a harpsochord. It's a unique sound. It is in all the information and any help will be welcome. Thanks! 10-02-2009, 03:37 am #2 tom's dinner by Susan V. It's definitely not paris- the-hilton. The song I'm talking about is like a 60's lounge feeling. And so there are many borors inside the song that is going to go: The da'da daha (and so on) the song ends in many of these boros. Please note that if the original voice is DA or Davote, I'm not sure. However, the tempo lines of course are the only ones That I wrote to them. Finally, the boros comes in between that is a custom guitar solo near the end. He did An electric horsehorse type of sound. I don't think anyone is going to solve this one last amendment by justajirl5; 10-03-2009 at 10:52 pm. 10-04-2009, 04:04 AM #10 this could be? Anywhere but here by k.d. He was with me when we heard him in restaurants and he remembered him that he is that little part of his voice: I'm sorry but it was recorded by my cellphone and my BF can't sing to save my life. lol anyway, hopefully one of you will recognize the out-of-the-mailed and identify the song. 10-05-2009, 08:44 #15 moments in love by the art of the song Noise.
